## About me

I am a Pythonista, web developer and open source advocate with a passion for graphic design. It is my mission in life to help people use their computers correctly and love them and empower developers of all backgrounds and experience levels using Python and open source software and hardware. I am self-learner and highly sociable, with a strong work ethic.

Skills in summery:

- Python (Django, Flask, ...)
- JavaScript (React, Vue)
- Gnu/Linux sys-admin
- C# and C++
- Photoshop and Gimp
